

# INDUSTRY SPONSORED SYMPOSIA

## MICREL INDUSTRY SYMPOSIUM

Wednesday August 28<sup>th</sup> 2019

11.30-12.45. Room: Vandsalen

### Opioid sparing analgesia: Optimizing pain management and practices

Chair: Professor Audun Stubhaug, Oslo University Hospital, Norway

#### PROGRAMME:

11.30 – **Welcome and Introduction**

Professor Audun Stubhaug

Oslo University Hospital, Norway

11.35 – **Regional Analgesia: the cornerstone of opioid sparing analgesia**

Professor Xavier Capdevila,

Lapeyronie University Hospital Montpellier, France

11.55 – **Optimized pain treatment for patients undergoing orthopedic and plastic surgery**

MD PhD Axel Sauter,

Oslo University Hospital, Norway

12.10 – **The opioid sparing effect of The Transmuscular Quadratus Lumborum Block**

MD Mette Dam,

Sjællands Universitetshospital, Roskilde Denmark

12.25 – **Discussions and panel**

12.40 – **Conclusion**

## GE HEALTHCARE INDUSTRY SYMPOSIUM

Thursday August 29<sup>th</sup> 2019

10.30-11.45. Room: Vandsalen

### New Perspectives on Personalized Automated Low Flow Anesthesia and Intra Hospital Transport Monitoring

Chair: Associate Professor Eske Kvanner Aasvang, Rigshospitalet, Copenhagen University, Denmark

#### PROGRAMME:

QUICK PICKS AND BEYOND:

**Towards Personalized Automated Low Flow Anesthesia.**

Dr. Hendrickx, OLV Hospital, Aalst, Belgium

INTRA HOSPITAL PATIENT TRANSPORT AND BEYOND:

**Importance of continuous Hemodynamic Monitoring – Observations from OR and ICU perspective.**

Professor Steinfeldt, Diakonie-Klinikum

Schwäbisch Hall, Germany

## EDWARDS INDUSTRY SYMPOSIUM

Thursday August 29<sup>th</sup> 2019

13.00-14.15. Room: Vandsalen

### Building the future of hemodynamic monitoring

#### PROGRAMME:

**Physiological mechanism underlying hypotension**

Professor Thomas Scheeren

**Perioperative hemodynamic monitoring – rationale behind fluid therapy and hypotension management**

Professor Christer Svensén

**Intraoperative hypotension – is there value in predictive monitoring?**

Professor Michelle Chew

## MUNDIPHARMA INDUSTRY SYMPOSIUM

Friday August 30<sup>th</sup> 2019

10.30-11.45 Room: Vandsalen

### RETHINKING PATIENT CENTERED PAIN MANAGEMENT

#### Alternatives in trauma care

#### PROGRAMME:

10.30 – **Welcome and Introduction**

Professor Maaret Castrén, Chair

10.35 – **Patient outcomes related to inadequate trauma pain management**

Short and long term consequences

Professor Maaret Castrén, Chair

10.55 – **Optimizing pain management while minimizing opioid use**

A practical approach with tips and tricks  
Chief Physician Søren Walther-Larsen

11.15 – **An innovative breakthrough in trauma pain management**

Penthrox® - a non-opioid treatment for moderate to severe pain

Professor Paul Middleton

11.40 – Q and A

All
